

...Where Quality & Service Still Count

IPAF Rental+ provides assurance to customers & contractors at every stage of the rental process of powered access machinery and equipment

**THE RENTAL
CERTIFICATION
YOU CAN
TRUST**

What is IPAF Rental+?

IPAF Rental+ is a quality rating indicating the highest level in powered access equipment hire. Companies with IPAF Rental+ certification are audited annually to ensure they meet certain rigorous criteria in terms of training, equipment inventory and customer satisfaction. This includes health & safety compliance and environmental good practice.

**...THINK SAFETY
THINK DROMAD**

Why Choose IPAF Rental+?

IPAF Rental+ customers gain peace of mind knowing they're choosing the highest level of service and a company that follows good practice in the powered access industry

A Values Driven Company

People • Safety • Quality • Delivery • Value

Benefits of IPAF+ Accreditation for our Customers

- Certified proof that our employees are trained to a high level and have the required knowledge to advise on all areas of powered access.
- The IPAF Rental+ certification ensures all powered access platforms meet the highest safety standards, its added assurance that equipment hired is of the highest quality, fully checked and tested. Each piece of equipment goes through a rigorous hire cycle before each hire. Minimising the risks of breakdowns.

• You can be confident that we have access to the relevant technical guidance, industry standards, best practice and governance within the powered access industry. Including toolbox talks, leaflets and risk awareness campaigns that can be supplied for customer sites.

• Assurance that Dromad Hire complies with health and safety, quality and environmental standards within the industry.
